

On page 1 of the Draft Resolution, change items no. 19 and no. 22, as follows:

19. On March 6, 2015, the State Water Board ~~issued~~ **provided** public notice, **including a copy of the proposed regulation**, that the State Water Board would consider ~~the~~ adoption of the regulation at the Board's regularly scheduled March 17, 2015 public meeting, ~~in accordance with applicable State laws and regulations. On March 12, 2015, the State Water Board also distributed for public review and comment a Finding of Emergency Notice of Proposed Rulemaking and Emergency Regulation Digest that complies~~ with State laws and regulations;

22. As discussed above, the State Water Board is adopting this emergency regulation because of the emergency drought conditions, the need for prompt action, and the unique attributes of these three tributaries. The vehicle of adopting **an** emergency regulations to identify a minimum flow requirement for fisheries ~~and~~ protection and health and safety needs is an appropriate approach in these limited circumstances; and

.....

Updates to Proposed Regulation (Draft Curtailment of Diversions due to Insufficient Flow for Specific Fisheries Emergency Regulations), which follows the Draft Resolution:

On Page 1, first paragraph, change title and citations, as follows:

Curtailment of Diversions due to Insufficient Flow for Specific Fisheries Emergency Regulations

=====

In Title 23, Division 3, Chapter 2, Article 24, add Sections 877, 878, 878.1, subdivisions (b) **through (f)** ~~and (c)~~; 878.2; 879, subdivisions (a) and (b); 879.1 and 879.2 to read:

On Page 3, update section 877(c)(1)(B)(i)(A), as follows:

- A. California Department of Fish and Wildlife or the National Marine Fisheries Service conducts field surveys and observes juvenile CV SR salmon ~~and/or~~ CCV steelhead in the lower reaches of Mill Creek in June; and

On Page 5, update section 877(c)(2)(B)(i)(A), as follows:

- A. California Department of Fish and Wildlife or the National Marine Fisheries Service conducts field surveys and observes juvenile CV SR salmon ~~and/or~~ CCV steelhead in the lower reaches of Mill Creek in June; and

On Page 11, update the last subdivision under 878.1, as follows:

- (ef) Notice of certification, petitions and decisions under this section and section 878 will be posted as soon as practicable on the State Board’s drought webpage. The Deputy Director may issue a decision under this article prior to providing notice. Any interested person may file an objection to the certification, petition or decision. The objection shall indicate the manner of service upon the certifier or petitioner. The State Board will consider any objection, and may hold a hearing thereon, after notice to all interested persons.
